

First Aid Kits

A first aid kit well stocked with the basic essentials is indispensable. Choose one sturdy and lightweight, yet large enough to hold the contents so that they are readily visible and so that any one item may be taken out without unpacking the whole kit. Keep a list of contents readily available for refilling. Keep the kit in a convenient location. Make one person responsible for keeping the kit filled and available when needed. Quantities of suggested items for your first aid kit depend on the size of your group and local conditions.

Suggested First Aid Kit Contents

- Bar of soap
- Two-inch roller bandage
- One-inch roller bandage
- One-inch adhesive tape
- Three-inch-by-3-inch sterile pads
- Triangular bandage
- Assorted gauze pads
- Adhesive strips
- Clinical oral thermometer
- Scissors
- Tweezers
- Sunburn lotion
- Lip salve
- Poison-ivy lotion
- Small flashlight (with extra batteries and bulb)
- Absorbent cotton
- Water purification tablets (iodine)
- Safety pins
- Needles
- Paper cups
- Foot powder
- Instant ice packs

Because of the possibility of exposure to communicable diseases, first aid kits should include *latex or vinyl gloves, plastic goggles or other eye protection*, and antiseptic to be used when giving first aid to bleeding victims, as protection against possible exposure. *Mouth barrier devices* should be available for use during CPR.
